

2009-2010 CCS Course Offerings

School Year Overview:

As our school grows, our program continues to progress and improve. As our parents make decisions about the coming year, we wanted to keep you abreast of the growth in our program. The following is an overview of the courses we are planning to offer in each grade for this year. Please note that as we enroll students and numbers are clearer, our plans may change.

Other plans are being made that will include the following for our Middle School:

- Fellowship Nights – fun activities planned each quarter for the social development of our students.
- Forum – a regular discussion group for our older students to integrate their own thoughts with what is being studied in class.
